

A Multi-Dimensional Myth.

On/About/Concerning the Knowledge/Understanding/Acquaintance Within/Without the Macrocosm/Microcosm

1.

The/A greatest/ultimate/incomparable being/process/consciousness/God is/was/will be alone/solitary/individual. As an infinite/limitless/boundless solitary/unity, it could/should/would not be able to know/investigate/become aware of/learn of itself as it could/should/would not be able to step outside/exit/leave its self/unity/individuality. The only/single way/option/possibility for this being/process/consciousness/God could/should/would/can achieve self knowledge/understanding/fullness is/was/will be to meditate/consider/learn about its internal/limited parts/segments/processes.

2.

To meditate/consider/learn about its internal/limited parts/segments/processes, the being/process/consciousness/God had to/will have to fragment/break/dissolve/destroy its unity/oneness/infinity into/through self-conscious/aware/intelligent/teachable minds/hearts/individuals/processes. These minds/hearts/individuals/processes were/are/will be Aeons/universes/emanations. The Aeons/universes/emanations were/are/will be within/contained/inside the being/process/consciousness/God which was/is/will be greater/larger/more than the sum/addition/complete number of its parts/segments/fragments.

3.

The primary/first/initial Aeon/universe/emanation was/is/will be THE FATHER/NOUS, that which observes/learns/knows. The next/second Aeon/universes/emanation is/was/will be BARBELO, she who is/was/will be observed/learned about/known. The aspect/part/fragment knowledge/learning process of BARBELO by the NOUS was/is/will be the next/third Aeon/universe/emanation and was/is/will be the/a androgynous/masculine/feminine PIGERADAMAS.
